TASTE A PIECE OF CHOCOLATE HISTORY

Rogers' Chocolates was founded in 1885 by Charles W. (Candy) Rogers. With the support of his wife, Leah, Charles developed chocolate recipes that made his small shop in Victoria a favourite stop for travellers from all over the world. Faithful to his legacy, over the years we have maintained Charles' commitment to the use of the finest quality natural ingredients in all his time-honoured recipes. Today, a taste of Rogers' Chocolates is truly a taste of chocolate history.

ROGERS’ CHOCOLATES AND HER MAJESTY’S NAVY

In the early days, when Charles Rogers and his wife Leah were making their beloved Victoria creams in the back of their first store on Government Street, some of their best customers were sailors visiting Victoria from around the world. In many ways, it was those men and women carrying our fine chocolates back with them to give their friends and families, that helped build the worldwide reputation Rogers’ has today as Canada’s first and finest Chocolatier.

To honour that history, Rogers’ has created a series of products that contribute directly to the welfare of our Canadian military. When you purchase any of the products on this page, partial proceeds go directly to a fund that supports military personnel and their families.

A SUBMARINE TIN

Introducing our newest Naval tin and your latest opportunity to support our military members and their families. Pictured on our new tin is a Victoria Class Submarine flying the Naval Ensign as she surfaces in the waters near Victoria BC. Dolphins are worn the world over as a symbol of submarine service and the Canadian submarine badge is prominently displayed within this image. Balancing the artwork is the compass rose which appears on all nautical maps. The first submarines entered Canadian service on August 5, 1914 and this tin commemorates their 100 years of service.

Item #50635 200g/7oz
(15 chocolates) \$20.99

B RAINBOW TIN

The Royal Canadian Navy celebrated its 100th Anniversary in 2010 and in partnership with Rogers’, created the HMCS Rainbow Commemorative tin. The Rainbow was an Apollo-class protected cruiser operated by the Royal Navy from 1893 to 1909, transferred to Canada in 1910 and operated by Canada until 1920. This image is a painting of the warship travelling through the Pacific ocean.

Item #50605 200g/7oz
(15 chocolates) \$20.99

C CHOCOLATE BARS

HMCS WINNIPEG is one of 12 Canadian-built Halifax-class multi-role patrol frigates considered the backbone of the Royal Canadian Navy. Commissioned between 1992 and 1996, these ships are currently undergoing a planned mid-life modernization to ensure they remain effective throughout their service life.

PRODUCT CARE

Always store chocolate in a cool dry place, away from a heat source or direct light, with consistent temperature between 55 and 68 degrees Fahrenheit. Keep your chocolates away from strong odours as they may absorb the odour and be negatively impacted by it. Do not refrigerate.

PRICES AND PRODUCT AVAILABILITY

While we do our utmost to maintain our prices and always have our products in stock, we are subject to the ever-changing world market for commodities. As a result, prices and product availability is subject to change without notice. We apologize for any inconvenience that this may cause our customers.

ROGERS', COCOA FARMERS AND SUSTAINABLE PRACTICES

Rogers' Chocolates belongs to and works exclusively with chocolate suppliers who are members of the World Cocoa Foundation (WCF). The WCF works with others to ensure cocoa farmers have the opportunity to raise their income and quality of life through sustainable practices. Our suppliers also belong to the Fairtrade Labelling Organization and source cocoa beans that are Rainforest Alliance Certified, supporting greater environmental sustainability.
